

SULTAN IS SCORED BY THE SENATORS

THEY WANT DECISIVE ACTION IN TURKEY.

Resolutions Adopted Calling Upon European Powers To Suppress the Armenian Outrages—Frye Arraigns Great Britain and Gains Applause—General News of the Capitol.

Washington, Jan. 25.—After a brief but stirring debate the senate yesterday agreed to the concurrent resolution urging decisive action by the European powers against Turkey, and pledging to the president the support of congress in the most vigorous action he may take for the protection of Americans in Turkey and the redress of injuries to American persons and property. Mr. Cullom (Ill.), who reported the resolution, urged its adoption in a speech which set forth the startling extent of the massacres, the greatest in the history of the world, the senator said.

Mr. Cullom secured the passage of a joint resolution amending the act relative to the the Bloomington (Ill.) public building.

Mr. Caffery (Dem., La.) called the attention of the judiciary committee to the importance of the sugar bounty question, which had been referred to that committee, saying the subject involved the grave question of the right of subordinate officials to nullify an appropriation made by congress.

The Turkish-Armenian resolution was then called up by Mr. Cullom. The senator spoke of the serious conditions prevailing in Turkey, saying he was appalled by the carnal of blood prevailing. A Turkish army had bayoneted, robbed, murdered and flayed alive the people of Armenia. There was no war, but a pitiless, merciless tornado of ruin, bloodshed and death. The demon of fanaticism had been let loose. There was a responsibility somewhere. It did not rest with the slavish ruler of Turkey, the sultan. Back of this were the disputes of the countries of the European alliance, seeking their territorial advantages. These countries were responsible. The sultan was but a puppet in their hands. It was a matter of regret and embarrassment, continued Mr. Cullom, that the policy of the United States was such as to prevent the sending of a fleet to Turkish waters to put a stop to the bloody rule prevailing. But Europe had assumed the obligation of protection to Armenia. It was amazing to the people of the United States to witness this appalling slaughter, and at the same time to see the indifference of the Christian powers. There was a double obligation upon Great Britain, and yet nothing had been done to stay the hand of the sultan except by fruitless diplomatic correspondence. The powers, said Mr. Cullom, appear to be waiting for the dissolution of the Ottoman empire, but he expressed doubt as to the reported alliance between Russia and Turkey.

Mr. Cullom said the United States had no purpose to interfere in the affairs of Europe except in protection of American citizens and in the name of humanity. No event of the centuries called so loudly to the civilized world as this slaughter in Turkey, the greatest, the senator believed, in the history of the world.

Mr. Blanchard (dem., La.) said that as a great free nation it was the duty of the United States to express its official repudiation and protest against the course of Turkey.

Mr. Frye (rep., Me.) took the floor at this point for a speech of such vehemence that the galleries quickly filled to overflowing, and he was repeatedly interrupted by long-continued applause. Mr. Frye said: "If the American flag had been raised over a consulate at Harpoot it would have saved 20,000 lives." He proceeded to show the great amount of American capital invested in Christian missions in Turkey. "And yet," said he, "six millions of invested American capital in Turkey was held up. The American college at Harpoot was burned and its American directors were compelled to flee for their lives. If I had had my way, after these European powers had stood eyeing each other for a year, I would have sent a congressional memorial to Russia and said to that power: 'Take Armenia into your possession and protect those Christians, and the United States will stand behind you with all its power and resources.'" (Long applause in the galleries.) He cared nothing for the reports of the United States minister that all due protection was being extended by Turkey. He (Frye) knew that American lives and American property were being jeopardized day after day. They were receiving no protection.

Mr. Mills interrupted to state that he had personal knowledge of the activities of United States Minister Terrell and the accuracy of the information he gave.

Mr. Frye responded by asking Mr. Mills what Great Britain would have done if a British college worth \$1,000,000 had been destroyed and its British occupants had been compelled to flee for their lives. Would Great Britain have stood idly by? Mr. Mills answered that the senator (Frye) meant war, and, said Mr. Mills, he did not doubt he would join these sentiments. He did not know it would be best to send our ships abroad, and, like Jefferson, batter down the castles of the pirates.

Resuming, Mr. Frye spoke of Great Britain's course with bitter sarcasm.

Great Britain had been the steadfast enemy of the United States. Great Britain had harmed the United States at every opportunity. Great Britain had for years taunted the United States for shackling the slaves, and yet when the north struck off the shackles Great Britain did everything to help the Confederacy to destroy the United States government for no reason but to have the Confederacy as her customer. Great Britain had never shown the slightest friendship for the United States. And now Great Britain has stood idly by when she had the power to stop these barbarities.

Mr. Frye proceeded with much vigor and earnestness to say that if necessary in order to protect American citizens he would order the American ships to sail up the Dardanelles regardless of the European alliance, and when in front of Constantinople demand the protection of our people within the sultan's dominions. He declared that there was one quality of the British government which he admired. Great Britain, he said, protects her citizens at all times and under all circumstances.

Mr. Call contended for a stronger expression, and urged that we should fight our battles abroad when a display of force was needed and not in the senate.

Mr. Hoar spoke briefly on the necessity of moderation and urged that extreme utterances on the part of congress be deferred until the arts of diplomacy should be exhausted in view of the danger that the missionaries in Turkey were in, also in view of the fact that Miss Clara Barton, with the Red cross in her hand, was now on her way to Armenia.

Mr. Jones (Ark.), in charge of the free-coinage substitute for the bond bill, asked unanimous consent that a vote be taken at 4 o'clock on Thursday next. Mr. Allen (pop., Neb.) interposed objection.

Mr. Call offered an amendment to the Armenian resolution to the effect "that humanity and religion and the principles on which all civilization rests demand that civilized governments shall by peaceful negotiations, or, if necessary, by force of arms, prevent and suppress the cruelties and massacres inflicted on the Armenian subjects of Turkey by the establishment of a government of their own people, with such guaranty of the civilized powers of its authority and permanence as shall be adequate to that end."

Mr. Call's motion was laid on the table and the original resolutions were then agreed to without division.

Mr. Jones gave notice that on Thursday next he would ask the senate to remain in session until a vote was had on the silver bond bill.

Mr. Thurston (rep., Neb.) gave notice that he would address the senate on the Monroe doctrine Tuesday next.

The free-coinage bill was then laid before the senate and Mr. Baker (rep., Kan.) addressed the senate in support of an amendment offered by him to confine the coinage of silver to the American product. Mr. Baker declared it to be his opinion that the questions of tariff and finance would be settled unaided and alone by the republican party. Concerning the coinage of American silver the senator said it would give employment to idle laborers and would lead to the gradual healthful expansion of our primary or redemption money.

The senate, after a brief executive session, at 4:15 p. m. adjourned until Monday.

Will Mildly Censure Bayard.

Washington, Jan. 25.—Little doubt is left by the action of the special committee of the foreign affairs committee, which met Friday, that a resolution will be brought before the house next week expressing disapproval of Ambassador Bayard's two speeches, which were called to the attention of the house by Messrs. McCall and Barrett of Massachusetts. The purport of the resolution will be a mild censure of Ambassador Bayard for the two utterances mentioned, and an expression of the opinion of the house that representatives of the United States abroad should be very discreet in their public references to home topics.

Secretary Lamont Will Not Talk.

Washington, Jan. 25.—In reference to the rumor that the resignation of Col. Crofton, in command of the Fifteenth infantry, stationed at Fort Sheridan, Ill., had been demanded, Secretary Lamont made the following brief statement: "The secretary of war is not responsible for this publication and declines to say anything about the matter. The resignation of an army officer is never requested. The articles of war provide for a court-martial."

Examine Maps of Venezuela.

Washington, Jan. 25.—The Venezuela commission held its first regular weekly meeting Friday, in accordance with the programme arranged at the last special meeting. The principal business transacted was the reception of a partial report from Commissioner Gillman upon the general subject of maps of the territory involved in the dispute.

Diplomatic and Consular Bill Adopted.

Washington, Jan. 25.—The house committee on foreign affairs has adopted the diplomatic and consular bill. Mr. Dinsmore of the subcommittee in charge of the Bayard resolution asked that the consideration be postponed.

Mrs. Lease Suffering from Pneumonia.

Windom, Minn., Jan. 25.—Mrs. Lease, the Kansas woman-suffragist, is seriously ill with pneumonia here, at the home of E. J. Weillike, a populist member of the legislature. She delivered a lecture at Windom Wednesday night.

THE TRADE REVIEW BY DUN & COMPANY

REPORT SCORES THE SENATE FOR DELAY.

Business Hurt by the Failure of That Body to Devise a Method of Relief—Some Improvement Noted in the Week—Ten Less Failures Than a Year Ago.

New York, Jan. 25.—R. G. Dun & Co.'s Weekly Review of Trade says:

"The week has been marked by improvement apparent rather than real. Prices of some products have risen, but only because supplies are believed to be smaller than expected. The senate still injures all business by doing nothing, and the treasury cannot expect to gain in gold as yet, but losses less than was expected. It is generally assumed that the new loan will be placed without difficulty, though the successive payments may cause continued disturbance."

"A deluge of foreign reports favorable to wheat speculation found ready answer in an advance of over 5 cents here, in spite of Western receipts 50 per cent. larger than last year. Atlantic exports for the week were also much larger than last year, for the first time in several months, but for the crop year to date all exports have been about 11,600,000 bushels smaller than last year. The market has the idea that foreign demands hereafter must be much greater because of deficient supplies elsewhere, but no one expects that the increase will be at all commensurate with the enormous increase in Western receipts, 27 per cent., since the crop year began, 137,600,000 bushels, against 107,986,191 last year."

"Corn advanced because wheat advanced, receipts and exports continuing as before. Cotton rose an eighth, although Mr. Ellison estimated the yield at 7,000,000 bales, and receipts to date support that estimate. But there are many who reason that the surplus will be dangerously small at the end of the crop year, even if the yield is 7,000,000 bales. The actual marketing of goods in Europe and in this country hardly supports that view."

"Textile industries do not gain. With material specialties unchanged, they halt because the demand for future delivery is so narrow. Cotton manufacturers have for months been storing up staple goods, but prices have gradually declined ever since Oct. 17, and now average 6.4 per cent lower than at that period, when the rise from the lowest average quotations in March, 1895, had been 22.9 per cent. In Europe, as here, mills are running largely against expectations."

"Woolen goods also tend lower, with small demand, and are practically at the prices of a year ago, though wool is higher, sales having been 19,160,780 pounds in three weeks, of which 11,581,900 pounds were foreign, against 17,246,365 last year, of which 6,847,350 were foreign."

"The iron and steel business finds encouragement in the advance of Bessemer pig to \$13 at Pittsburgh, and gray-iron to \$11.25; but these are the results of the advance ordered by combinations in coke and ore. Anthracite is not dearer at the East, and Southern pig is pressed for sale. Finished products are not stronger, while pig iron has advanced 10.9 per cent since Jan. 1. Prices of finished products average 1.7 per cent lower than at that time."

"The demand is plainly too small for the supply, and the works in operation are killing profits for each other by underbidding. In such a case, lower prices for pig, ore and coke would seem inevitable, but last year the raw materials hoisted everything else, and some expect the operation to be repeated. Money metals are all weak. Lake copper has had an output of 14,454 tons in this country in December, and 91,485 tons for the last half of 1895, against 43,694 tons abroad. Lead and tin are practically unchanged. The failures for the week have been 373 in the United States, against 363 last year, and sixty-one in Canada, against fifty-nine last year."

Russo-Turkish Alliance Credited.

London, Jan. 25.—In spite of the denials, official and semi-official, that have been made from many quarters, the report of the offensive and defensive alliance between Russia and Turkey, which was printed by the Pall Mall Gazette on Thursday, is not viewed with entire incredulity. It is pointed out with obvious plausibility that Turkey's impuency may have driven her to seek an alliance as a means of obtaining a loan, as was the case recently with China.

China to Admit Foreign Trade.

Pekin, Jan. 25.—The government has agreed to open the West river, provided China is allowed to retain the territory ceded under the Burmah-China convention in 1894. The opening of two ports on the West river, or Si Kiang, namely Shao King and Wu Chow, was stipulated for by the Japanese as part of the terms of peace. The cities of Canton and Hong Kong are situated on the bay into which the West river empties.

Condolences with Queen Victoria.

London, Jan. 25.—Ambassador Bayard has sent Queen Victoria a message from President Cleveland expressing sincere condolence with her majesty on the death of Prince Henry of Battenberg.

FIRE IN AN ASYLUM SET BY A MANIAC

PATIENT TRIES TO BURN THE INSTITUTION.

The Torch Was Applied in Five Different Places, But the Other Inmates Kept Cool, and Rendered Signal Services—Blazes at Galena and Dubuque.

Poughkeepsie, N. Y., Jan. 25.—C. L. Mitchell, a patient at the state hospital for the insane at Matteawan, set fire to the institution in five different places yesterday, and for a few hours the buildings were threatened with destruction. Fire was first discovered in the cellar under the kitchen, which is some distance from where the patients are confined. No sooner was the effort made to extinguish the flames than it was discovered that the north wing was also ablaze directly under the wards where over 100 patients were located. Smoke was fast filling the buildings, and the patients were terror-stricken, and especially the women.

The pyromaniac had made the most careful preparation for the destruction of the buildings, as large piles of shavings were found distributed throughout one building. Meanwhile several scattering blazes were discovered in various sections of the asylum, and soon the fire was beyond control, even with the excellent facilities for emergency, and help was summoned from Fork Hill landing, about two miles distant. The Beacon and Tompkins hose companies arrived in a short time, and it took the combined forces of the hospital attaches until 7 o'clock in the evening to control the fire.

The men patients, a dozen of whom had every opportunity of escape, worked heroically. The building was not damaged to any great extent. It was a fire-proof building. Dr. Atkinson said that it would be impossible to give an estimate of the loss. As a matter of fact, even under the northern wing, where Mitchell had calculated upon terrible work, the fire gained but little headway, although it gave great trouble before it was extinguished.

Mitchell was sentenced from Oneida county six years ago for life imprisonment. His crime was burglary in the first degree and a reputation for starting fire which made him a terror.

Fire in an Illinois School House.

Galena, Ill., Jan. 25.—Fire broke out on the second floor of the new school building at Scales Mound Friday from a defective pipe of the hot-air furnace. School was in session at the time, but injury to the pupils was averted by the coolness of the teacher, who marched them out of the building in perfect order. The schoolhouse suffered several hundred dollars' damage.

Big Fire in an Iowa Town.

Dubuque, Iowa, Jan. 25.—The town of Farley was visited by a serious fire Friday night. At midnight a brick block containing half a dozen stores, opera house and lodge rooms had been burned. The fire crossed the street and two dwellings were destroyed.

CALDWELL FOR PRESIDENT.

Western and Southern Populist Leaders Said to Favor Him.

Little Rock, Ark., Jan. 25.—The Arkansas populists who attended the recent national committee meeting of that party at St. Louis returned with some interesting information, which they are imparting to their brethren throughout the state. This intelligence is to the effect that the western and southern populist leaders have centered upon Judge Henry C. Caldwell, formerly of Little Rock, as the man whom they will nominate for the presidency at the convention to be held in St. Louis July 22. They say there can be no doubt of Judge Caldwell's nomination, in view of the formidable boom started in his behalf.

Treasurer Upton's Report.

Washington, Jan. 25.—The feature of Friday's session of the National Woman's Suffrage association was the report of the president, Mrs. Harriet Taylor Upton, of Warren, Ohio. It was shown that the amount of money handled last year was almost twice as much as in the year 1894, and more than was ever handled by a national treasurer in any previous year. At night a States' presidents' meeting was held.

May Go to the Mediterranean.

New York, Jan. 25.—Friday the Produce Exchange wound up with some excitement. Reports of export business and a rumor that the flying squadron had been ordered to the Mediterranean caused the bulge. A good part of the crowd was caught heavily undersold. The principal interest was in wheat, which is easily affected by foreign news in which Russia has a part.

Trolley Car and Engine Collide.

Knoxville, Tenn., Jan. 25.—An electric car on the Knoxville street railway and a switch engine on the Southern railway collided at Asylum street crossing at noon yesterday. Several persons were injured, two perhaps fatally.

More Gold Discoveries in California.

San Francisco, Cal., Jan. 25.—The first assay of rock taken from the new Bonner district, in San Diego county, assayed \$167,250 to the ton, or \$83,625 to the pound.

SILVER PARTY'S PLANS.

Gen. A. J. Warner Permanent Chairman of Finance Committee.

Washington, Jan. 25.—At a meeting of the finance committee of the new silver party organized at Thursday's conference, General A. J. Warner was made permanent chairman and L. M. Rumsey of St. Louis a member of the subcommittee for the south. It was agreed to increase the entire subcommittee to nine, the two remaining members for the south to be selected by the chairman of the finance committee. Thomas G. Merrill, of Butte, Mont., was appointed treasurer of the national finance committee, and all funds raised will be turned over to him to be expended under the direction of the national finance committee. At a meeting of the provisional national committee it was agreed to print and distribute 500,000 copies or more of the address, resolutions, and plan of organization. It was also agreed that each committee-man should proceed at once to organize his state or territory and to report its plan of organization to the chairman not later than Feb. 20, 1896, and that the executive committee meet in Washington not later than Feb. 27 to perfect plans of organization.

OFFICIAL CALL ISSUED.

Chairman Harritt Notifies Democrats to Assemble at Chicago.

Philadelphia, Pa., Jan. 25.—National Chairman Harritt Friday afternoon issued the official call for the national democratic convention. It reads as follows:

"Philadelphia, Pa., Jan. 24.—The democratic national committee having met in the city of Washington January 16, 1896, has appointed Tuesday, July 7, 1896, at 12 o'clock noon and chosen the city of Chicago, Ill., as the place for holding the democratic national convention."

"Each state is entitled to a representation therein equal to double the number of its senators and representatives in the congress of the United States and each territory and the District of Columbia shall have two delegates. "W. F. Harritt, Chairman. "S. P. Sheerin, Secretary."

Gomez Dying of Consumption.

Havana, Jan. 25.—For some time reports have been in circulation here concerning the physical condition of General Maximo Gomez, commander-in-chief of the insurgent forces. It appears from information derived from trustworthy sources that the insurgent chief is a very sick man. It is stated upon the authority cited that the doctors in attendance upon General Gomez recently held a consultation, and diagnosed his case as being an advanced stage of consumption, complicated with fever. It is further stated that physicians have come to the conclusion that Gomez can live only about two months longer. These statements have caused considerable alarm among the insurgents and their friends, as, even though his condition may be exaggerated to some degree, it is believed the main facts are correctly stated.

Shortage of an Iowa County Treasurer.

Le Mars, Iowa, Jan. 25.—The treasurer of Plymouth county, E. Kirzbohm, seems to be an absconder and short to the amount of \$17,000. The board of supervisors met last Monday to make the semi-annual treasury settlement. Mr. Kirzbohm left the same evening, ostensibly for bondsmen, and has not been seen since. There was no suspicion of fraud until yesterday. The books were examined and the deficit discovered. The office has been placed temporarily in charge of County Auditor Sammis. It is thought Kirzbohm has been murdered.

Thinks Resolution Will Pass.

Washington, Jan. 25.—Senator Lodge has made a canvass of the senate on the Davis resolution affirming the Monroe doctrine, and says that he has not been able to find more than eight votes that will be cast against it. He says that there are still a large number of speeches to be made on the subject and that it is too early to say when a vote will be taken. But the debate will be pressed along rapidly after the bond bill is disposed of.

Pope Makes the Ban Absolute.

Boston, Mass., Jan. 25.—A special to a local paper from New York says the ban placed by the Catholic church upon the orders of the Knights of Pythias, Sons of Temperance and Odd Fellows is absolute and admits of no further discussion. This is the mandate of the pope through his official representative, Cardinal Satolli. The three orders named have a Roman Catholic membership in round numbers of nearly 100,000.

St. Louis May Build a Hall.

St. Louis, Mo., Jan. 24.—If the plans of a number of the leading citizens of St. Louis are successfully carried out this city will soon have a convention hall which will comfortably seat over 10,000 people and which will be second to none in the United States. It will be used as an armory as well as a convention hall.

Protest from the Cherokees.

Washington, Jan. 25.—The Cherokee delegation now here has presented to congress a strong memorial protesting against the adoption of the radical changes recommended to the Dawes commission appointed to treat with the five civilized tribes and making a plea for indefinite continuance of their present form of government.

HAUGEN ACCEPTED THE JOB OFFERED

WILL SERVE ON THE NORMAL REGENCY BOARD.

The Significance of the Move Is Not Plain to Either Civilians or Politicians, But It Is Not Thought To Have Any Gubernatorial Effect—State Specials.

MADISON, Wis., Jan. 25.—[Special]—Gov. Upham this morning received a letter from Ex-Congressman Nils P. Haugen, stating that the latter would accept the position on the state board of normal regents, which it was announced last night had been offered him. Just what this move means is still a mystery, and leading politicians are as much in the dark as outsiders. The general opinion of those interviewed, however, does not seem to be that the acceptance of the appointment will preclude Mr. Haugen from being a gubernatorial candidate in the coming campaign.

Wisconsin's Semi-Centennial.

Milwaukee, Wis., Jan. 25.—Gen. Lucius Fairchild, chairman of the preliminary committee of the Wisconsin State semi-centennial celebration in 1898, has announced the committee of five to assist him in selecting the committee of one hundred who are to arrange the details of the celebration, which will probably take the form of a monster State industrial display. They are selected from the most prominent men of the State, and there is general satisfaction in Milwaukee with the personnel of the committee, which will hold a meeting early in February to consider names for the working committee of 100.

CLARA BARTON MAY ACT.

Relief, but Not Recognize Red Cross.

Washington, Jan. 25.—Owing to the energetic representations of United States Minister Terrell, Miss Barton and her party will be permitted by the Turkish government to distribute relief to the distressed Armenians, although the Red Cross will not figure in the work. The news came to the state department in a cablegram from the minister to Secretary Olney, in which he says that while the porte refuses such permission to the Red Cross, or to the members of the Red Cross, as such, and thereby declines to officially recognize that society, it will permit any person whom the minister names and approves to distribute relief in the interior of Turkey, provided the Turkish authorities are kept informed of what they are doing.

TO PROTECT LAKE CITIES.

Plan to Build a Canal Across the State of New York.

Columbus, O., Jan. 25.—Capt. James M. Burns, 17th United States Infantry, in a paper published here, and which was read before the officers of his regiment, points out the present and possible force which England would be able to marshal upon short notice along the lakes, and says Chicago or Cleveland would be the place first assaulted. Capt. Burns says the capture of Columbus would be of more importance to a British army than the capture of any port south of Fort Monroe, and argues for better lake defenses. One suggestion is a canal 100 feet wide at the bottom and twenty feet deep across the state of New York to use for commerce in time of peace and to admit our smaller naval vessels to the lakes in time of war.

London Sending On Gold.

London, Jan. 25.—It is reported that the shipments of gold to America today will probably exceed a quarter of a million sterling, and that more is going next week. This gold is taken almost entirely from the open market, and from supplies arriving from New York. It is sent from here apparently not by American financial houses, but by two continental banks, one representing German interests. It is impossible to say how much is coming next week.

Lands Belong to the People.

Indianapolis, Ind., Jan. 25.—The supreme court Friday decided that the swamp lands in the northwest corner of Lake County, bordering on Chicago, belong to the people who secured title to them under the original government survey by virtue of patents from the United States to the State of Indiana and from the State to the remote grantors. The territory in question covers two townships, including the one covered by Wolf lake.

Chronicle's Mysterious Editorial.

London, Jan. 25.—The Chronicle has a mysterious editorial assuming that the Venezuela difficulty will be surmounted, but it expresses the belief that grave dangers still surround the future relations of Britain and the United States. The Chronicle is apparently influenced by a fear that the settlement of the dispute will nullify the effect of its special agitation in favor of a permanent court of arbitration.

Armenians Slaughtered Like Cattle.

London, Jan. 25.—A Constantinople dispatch to the Chronicle says that letters received there from Arabakir report that 2,000 Armenians were killed in the recent riot, the slaughter being mostly done with axes and choppers.

HONORED ROBERT BURNS.

THIRTEEN hundred people had a share in the tribute to Robert Burns last night.

Thirteen hundred were Scotch for the night.

The Armory was bright with plaid and tartan intertwined with red, white and blue. A portrait of Burns held the place of honor over the orchestra platform.

It was almost 8 o'clock when Johnny Smith's orchestra swung into an overture of Scottish airs. President Alexander Galbraith in his address referred fittingly to the two young business men just laid to rest, both of

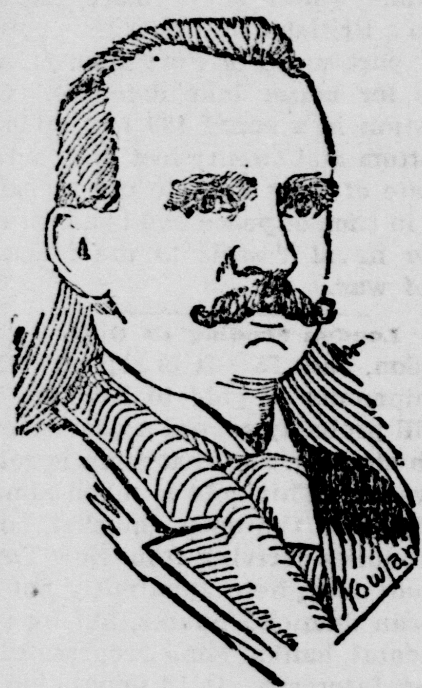

PRESIDENT ALEXANDER GALBRAITH, whom were so closely connected with the society; and followed with a brief history of the society.

Prof. John G. Dow, of Madison, who made the address of the evening, was far from well, but he held his hearers closely. Prof. Dow has been chosen by the Appletons as the man best qualified to prepare the centennial edition of Burns' works. His eloquent review of Burns' life and writings proved the fitness of the selection. Mr. Dow said he had no apologies to make for Burns.

"In the brief time at my disposal," he said, "I would ask and endeavor to answer only one question—What is it in particular about Burns that has made his name so dear a memory to mankind and his poetry so precious a heritage?"

Following out this line he showed Burns to be not merely the poet of the Scotch peasantry but the poet of the unprivileged masses, the poet of the democracy, the poet of new regime which has dawned upon the world since the American flag rose and unfolded its starry emblem. Herein lay his most authentic right to the recognition of Americans.

The Poet Of The People. "In this respect," Professor Dow concluded, "Burns has something of the greatness of the prophet as well as the pioneer of modern thought. But there is this difference. Burns has none of the austerity and unapproachableness of the prophet possessed by an idea. He is so loving, so human in all his life and work that when we read his poems we immediately find ourselves in close personal contact with him. It is not a book that speaks to us; it is a warm human heart. We hear the kindly tones of his voice. We feel

the touch of his hand, we see those great black eyes of his beaming with compassion or blazing with anger or kindling with droll humor. And that is the reason why we never think of Burns as a professional literary man, at all; somehow he seem too human for that. His very faults were due to the excess of human blood that tingled in his veins."

During the evening Prof. Dow was heard in several renditions of Scottish

songs and was received with enthusiasm.

Captain Pliny Norcross who was to have delivered a brief address was confined to his home by illness and the remainder of the programme was made up of music and readings. These were of high standard. The star of the evening was Miss Belle Rolston, who never appeared to better advantage.

Her voice always full, sweet and true seems to gain in power with each visit to the city. She was on the program for four numbers—"Song of Sunshine," "He Loves Me," "Ye Ququette Marjorie" and "The Cottage Where Burns Was Born." Each song was followed by the most imperative of encores, length of programme having no effect upon the demands of the audience for more.

Miss Carrie E. Baenzinger, of Chicago, sang "Ye Banks and Braes," "Within a Mile of Edinboro Town" and "The Battle of Sterling" very sweetly and was repeatedly recalled. Miss Lottie Evans was another singer to whom the audience extended a hearty welcome. Miss Evans voice is sweet and flexible and its good qualities are well shown in "Blue Bells of Scotland," "Farewell, Marguerite," and "Bonny, Sweet Bessie."

Interpersed with the musical numbers were readings by W. S. Battie, who convulsed his hearers with "Rugby's Dinner Party," "The Sleeping Car" and "Getting Even," and moved them deeply by the winsome charm of Eugene Field's "Wynkum, Blynkum and Nod." Among the best things of the evening was George Gray's clarinet solo "Comin' Thro' the Eye," in which as in the lullaby that followed, Mr. Gray showed remarkable command over his instrument.

From first to last the entertainment was of high grade. Taken all in all it was perhaps the best the Caledonia society has ever given and there never was a larger throng of dancers in the Armory that kept time to the music of Johnny Smith's orchestra from 11:30 o'clock to daylight.

M. M. Bostwick to Lecture.

M. M. Bostwick will lecture on "Good and Evil Tendencies in Educational Systems" before the Ethical society, at Milwaukee, tomorrow afternoon. A number of the educators of the city have been invited to be present at the lecture and will afterward be tendered a luncheon in the parlors. They will be asked to discuss the lecture from their various standpoints while at the table. About thirty have been specially invited. Mr. Bostwick's lecture will refer incidentally to the work of Booker T. Washington, as demonstrated in his institution at Tuskegee.

Woman's Missionary Society.

The annual meeting of the Woman's Missionary society of the first Presbyterian church was held with Mrs. Edward Ruger, 127 South Jackson street at 3:30 o'clock this afternoon. An extra offering was taken for the contingent fund.

Ladies U. C. L. To Meet.

There will be a meeting of the Ladies Catholic League at U. C. L. hall Sunday afternoon at two o'clock. All members are requested to be present.

K. P. Hall Is Stagnant.

The K. P. lodge of Stoughton have arranged for a grand ball and uniform

drill on February 12th. Smith's orchestra will play and F. M. Marzluff of this city, is one of the floor managers.

Charles L. Davis As "Alvin Joslin"

Charles L. Davis will make his appearance at the Myers Grand January 29th in his famous creation of "Alvin Joslin." Everybody has seen "Alvin Joslin." If, perchance, there is some isolated individual who has not, he deserves to be sympathized with. Not to see "Alvin Joslin" shows a lack of

interest in things theatrical almost unpardonable. When the history of the drama is written, "Alvin Joslin" will doubtless occupy a prominent place in its pages, if not the greatest play on earth, as one of the most successful at least. It is seventeen years since "Alvin Joslin" was first produced.

Wedded Joys in Store.

Walter Biglow and Miss Kittie West of Evansville, are to be married on Jan. 29. Both parties are well known in this city where they have numerous friends.

Y. M. C. Auxiliary Entertainment.

Preparations are progressing finely for the entertainment to be given by the Woman's Auxiliary at the Y. M. C. A. building. Do not forget the date, February 14.

Miss Frichard Entertains.

Miss Helen Frichard pleasantly entertained the young ladies afternoon T. W. club at her South Main street residence this afternoon.

Tea For Miss Stevens.

A very pretty afternoon tea was given in Rockford in honor of Miss Mae Stevens, of this city who is visiting there.

Miss Anderson Entertains.

Miss Emily Anderson entertained a number of her young friends at her home on Hyland avenue, Thursday evening.

Bachelor to Wed.

It is said that one of Janesville's most prominent bachelors will soon take unto himself a wife.

Dancing Class Meets.

Prof. Williams' dancing class met at Columbus hall yesterday afternoon and last evening.

A Recommendation.

If you must practice economy in order to avoid debt, if you find it requires the exercise of self-denial that becomes somewhat irksome and doubly trying, especially when you need and feel that you must have a thing, and it becomes intolerable when it is medicine you must have. Such being the case you will not hesitate to avail yourself of the invitation given to you by the Aztec Medical Co., who offer you a trial of Cat-Ka, their famous blood and nerve tonic. The large \$1 bottles are sold during the advertising at 25 cents. Samples are free and given away daily. This sale lasts but a short time. Office, 12 Corn Exchange.

Furnace.

We have one second hand furnace in fine condition that is for sale at the very low price of \$30.00. Lowell Hardware Co.

WE KEEP THE QUALITY UP.

A Weary, Wicked World...

All of us are desperately wicked, and some of us more so—not necessary to mention names—you know who you are if we don't. If it wasn't for the few pleasures capable of being grasped occasionally, this world would indeed be "a vale of tears." But when people can avail themselves of a chance like this occasionally, prospects become slightly more pleasing.

Cut in Two.

Prices on every wool Winter Garment in our stock have been cut exactly in two. Garments that were

\$25.00	now	\$12.50,
22.00	now	11 00,
20 00	now	10.00,
15.00	now	7.50,
10.00	now	5.00,
5.00	now	2.50.

Just think of such a stock of high grade Winter Garments at such figures. Garments for women, misses and children are all included, at just half former figures. Was ever a greater Cloak buying opportunity presented? You will say NEVER when you see our stock and ask prices.

Capes.

50 Wool Capes, long and short, have all been put in one lot; Capes that sold at 6 50 to \$20---to close them out at once, nothing but a low price will do it---we have made the price low. \$4.69.

Fur Capes.

30 of them, Electric Seal, Coney, Astrakhan, marked \$12 to \$20; have put them all in one lot and pinned on a price that cannot fail to cause excitement. \$9.85.

Like buying chances like this are rare..

BOARD OF HEALTH MEETING.

Changes in Provisions Relating to Transporting Dead Bodies.

Dr. Q. O. Sutherland has been attending the meeting of the State Board of Health which closed its annual session yesterday and adjourned. Dr. Solon Marks, of Milwaukee, was re-elected president. The following committees were appointed: Finance—Drs. Marquardt, Harrison and McNeil. Legislation—Drs. Bodenius, Harrison and Sutherland.

The most important action taken by the board was the amending of the rules relating to the transportation of the dead. The board passed a resolution prohibiting the transportation of bodies of persons dying from scarlet fever, as is now the case in scarlet fever and small pox. Hereafter membranous croup will be classed with diphtheria on the list of contagious diseases and will be subject to the same sanitary regulations.

The report of the special committee of the board recommending that the filtration water supply system recently put in at Ashland be approved, was adopted. The board, however, will receive a bacteriological analysis of the water each week and will request the Ashland common council to enact an ordinance providing for such analysis.

Resolutions of Respect.

The following resolutions were adopted by the Caledonian Society committee:

ROOMS OF THE CALEDONIAN SOCIETY, JANESVILLE, WIS., JAN. 22, 1896.—We, the members of the Rock County Caledonian Society, are again called upon to record the death of a fellow member and brother Scot, viz: William Paul. He was so well known to us all and his sterling qualities and genial nature have left us with a fond remembrance of him.

Resolved, That while we bow in submission to the will of Him who gave and him who taketh away, we cannot let our brother's light go out without making known to his family and friends our appreciation of his many virtues, his great readiness to assist at Scotch meetings, his unvarying cheerfulness and strong Scotch character which endeared him to all.

Resolved, That the charter be draped in black for the period of one month, and the secretary be instructed to send a copy of these resolutions to the family of the deceased, the local papers and Scottish American Journal.

Resolution Fixing Fees in Tramp Cases.

WHEREAS, the legislature of the state of Wisconsin, at its session in the year 1887, provided by Chapter 470 of the laws of that year for the arrest and imprisonment of tramps, and therein provided that the county board of supervisors, at any of its sessions, might fix a certain fee or compensation to be allowed to each magistrate and officer for all services performed under said act, and

WHEREAS, the legislature of the state of Wisconsin, at its session in the year 1895, provided by chapter 250 of the laws of said session for punishment of certain offenses therein mentioned, and therein provided that the county board of supervisors of any county, may from time to time, fix and regulate the fees and compensation of officers and magistrates for services performed in all prosecutions for any of the offenses therein mentioned. Now, therefore, be it

Resolved, By the county board of supervisors for Rock county, that from and after the passage and publication of this resolution, justices of the peace, police justices, and municipal and county courts within and for said Rock county, shall, in prosecutions for any of the offenses mentioned in said chapter 470 of the laws of 1887, and said chapter 250 of the laws of 1895, be entitled to a fee of fifty (50) cents, and no more. The same to be in full for all services performed in such prosecution. And any officer rendering services before any magistrate with a prisoner or prisoners in custody, in a prosecution for any of the offenses mentioned in said chapter 470 of the laws of 1887, and said chapter 250 of the laws of 1895, shall be entitled to a fee of fifty (50) cents and no more. The same to be in full for all services rendered by said officer in any such case, except when a prisoner shall be duly committed according to law, to the county jail or said county, then, and in such case, such officer shall be entitled to five (5) cents per mile for the distance actually traveled to commit such prisoner or prisoners, and the rail road fare of such prisoner or prisoners, when traveling by rail, from the place of trial to the place of commitment by the most usual route.

No telephone or telegraph messages will be allowed or paid by the county to be used in such prosecutions, and no sum in excess of ten (10) cents per meal shall be allowed to such officer for the board of any prisoner in any of the prosecutions herein referred to.

I, W. J. McIntyre, County Clerk of Rock county, hereby certify that the foregoing is a true copy of a resolution adopted January 15, 1896, by the County Board of Supervisors of Rock County.

In witness whereof I have hereunto set my hand and affixed the County seal at Janesville, this 17th day of January, 1896.

THE SURGEON'S KNIFE.

Once Believed to Be the Only Cure for Piles and Rectal Diseases.

A Better Way Now Discovered, Which Cures Every Form of Piles Without Pain or Inconvenience.

Many people suffer the pain, annoyance and often serious results from piles for years, and after trying the many lotions, salves, ointments and so called cures without cure or relief, give up the hope of a final cure, rather than submit to the intense pain and danger to life which a surgical operation involves.

Happily all this suffering is no longer necessary, since the discovery of the Pyramid Pile Cure; a remedy which is approved by the medical profession, as being absolutely safe, free from any trace of opiates, narcotic or mineral poisons and which may be depended upon as a certain cure (not merely relief) in any form of Piles, whether itching, blind, bleeding or protruding. Some of the hundreds of cures recently made are little short of marvelous, as a perusal of the following will demonstrate.

Major Dean, of Columbus, Ohio, says: I wish to add to the number of certificates as to the benefits derived from the Pyramid Pile Cure. I suffered from Piles for forty years and from itching Piles for twenty years, and two boxes of the Pyramid Pile Cure has effectually cured me.

Dr. J. W. Megan, Leonardville, Kan., writes: I have used a box of Pyramid Pile Cure and received more benefit and relief than from any remedy I had used in the past twenty-two years.

James Emerson, Dubuque, Iowa, says: I suffered from Piles for six years; have just used the Pyramid Pile Cure and am a well man.

Mrs. M. C. Hinkley, 601 Mississippi St., Indianapolis, Ind., says: Have been a sufferer from the pain and annoyance of Piles for fifteen years, the Pyramid Pile Cure and Pyramid Pills gave me immediate relief and in a short time a complete cure.

The Pyramid Pile Cure may be found at druggists at 50 cts. and \$1.00 per package. A book on cause and cure of Piles will be sent by mail, by addressing the Pyramid Drug Co., Albion, Mich.

DR. GREENE'S NERVURA

Alexander Salvini, the Great Actor, Says Dr. Greene's Nervura Cures.

W. to You if You Use This Grandest and Surest of All Medicines, Dr. Greene's Nervura.

ALEXANDER SALVINI.

The word of illustrious actor, like that of a great general or statesman, commands the attention of the world.

Alexander Salvini, son of the greatest actors that ever lived, is rapidly taking his father's place in the minds and hearts of the people. Every word of his, therefore, like the utterances of Jefferson or Irving, whom everybody honors and reveres, will be read with deepest interest and profoundest attention by all.

Mr. Salvini writes to the people:—"Traveling as I do, I cannot fail to notice the great use of Dr. Greene's Nervura blood and nerve remedy, and especially among my friends and acquaintances.

"From my own experience, I can strongly recommend it as a most excellent and reliable family remedy, especially for rheumatism and neuralgia, nervousness and all nervous affections, which illness in our profession, we are most liable to contract."

Weak nerves, poor blood, low vitality, rheumatism and neuralgia are the bane of life, the thief of comfort, the destroyer of happiness. It is the height of folly to suffer when a cure is easy, sure and speedy by using Dr. Greene's Nervura blood and nerve remedy. Use this great and wonderful remedy and the nervous, irritable, weak and trembling feelings will disappear; your sleep will be natural, calm, restful, and you will wake mornings feeling strong and vigorous instead of tired and exhausted; all gloomy depression and sense of anxiety will fade from the mind; your nerves will become strong and steady as steel, your strength, energy and ambition will be restored, and perfect health take the place of weakness and debility.

This remarkable discovery, Dr. Greene's Nervura blood and nerve remedy, should not be classed with ordinary patent medicines. It is the prescription of the most successful specialist in nervous and chronic diseases, Dr. Greene, of 35 West 14th St., New York City, and he can be consulted by all without charge, personally or by letter.

DRAINING THE PUBLIC PURSE.

Consignments of gold coming to and going from the United States pass each other frequently on the Atlantic these days. Gold goes out of the treasury, crosses the Atlantic and then comes back to be in readiness to buy bonds. The worst of it is that Mr. Cleveland has made it possible to get a profit out of shipments either way, and brokers have been fattening off the treasury. This is a costly state of affairs and one that never presented itself under a republican administration. However, there can be no doubt that enough gold and more than enough, to take up all the bonds will be on hand at the time for the consummation of the sale, February 5. The country is rich and the government's credit is fairly good.

CONCEAL NOTHING.

The public wants to know if it be true that the full extent of the gold withdrawals from the treasury is being concealed. In such a matter concealment is criminal. The truth freely and fully told cannot possibly be as damaging to the treasury as the secrecy and evasion which reports say are practiced. This is a matter on which the people desire prompt and accurate information. When this is withheld distrust is inevitable and alarm is aroused. In such a case the public is apt to imagine that the situation is much worse than it actually is. If the people get frightened into a belief that the financial conditions are bad the conditions are in a fair way to be made bad.

Taxpayers, who have examined the figures place the blame for the increased taxes this year where it belongs—on the last Peck administration. No other administration in years has gone out leaving such a deficit.

The editor who said that "a woman is just as good as a man in Utah," might have added without stretching the truth that she is a heap sight better in all the other states, and we believe also in Utah.

Senator Mills has kept thoroughly posted on the growth of populism in Texas. He would just as soon be returned to the senate as a populist as to go back as a democrat. The all absorbing thing with him is to get back.

No matter what the United States does about Cuba she cannot be accused of precipitancy by Spain. Spain recognized the southern states as belligerents before the first battle of the civil war had been fought.

One of the troubles on the republican side of the senate seems to be that which has existed among the democrats in that body for a long time—an overstock of would-be leaders.

The republicans could settle the presidential nomination by allowing the named candidates to draw lots, and satisfy ninety-nine per cent of the party, so good are they all.

Ambassador Bayard should at once cable congratulations to the Philadelphia minister who recently declared the first war against England to have been a mistake.

Washington didn't get any of the political national conventions, but she has a cinch on the inauguration of the man elected, which after all draws the largest crowd.

Now that New York school children are being taught that cigarettes are poisonous the cigarette dealers are articulating an enormous trade in that state.

The people of this country now fully realize that the markets of the United States are the best in the world. Show us foreigners have known it for years.

Unless England shoves the 141st meridian around a good deal those gold

Begging as a Fine Art.

Those who wish to study begging as a fine art are recommended to visit the museum of the Mendicity society of London, where they will find a curious collection of the varied dodges resorted to by the begging fraternity of that vast city. The collection includes over 200,000 begging letters, many of which are models of ingenuity, the work of professors of the art of letter writing, who supply the article to order, and a photograph album of metropolitan beggars. The museum also contains a gallery of pictorial appeals, with suitable inscriptions adapted to catch the unwary. It is full of curiosities of the most ingenious kind.

Pension for Mrs. Cogswell.

Washington, Jan. 25.—There were no important incidents at the Friday night session of the house, which was devoted to the consideration of private pension bills. About twelve bills were passed, among them one to pension the widow of the late Gen. William Cogswell, of Massachusetts, at \$75 per month. This bill has passed the senate.

JOSHUA M. EVERETT ANSWERS THE CALL

LIVED ON THE HOME FARM
FIFTY-ONE YEARS.

Came to Wisconsin When the Country Was New, and With But Fifty Dollars' Capital, Attained Independence and Wealth—Other Obituary Notes.

Joshua M. Everett, one of Rock County's pioneers, died at his home in the town of Turtle yesterday, his demise occurring at the homestead in which he had resided for fifty-one years. He was the father of O. H. Everett of Beloit and of A. K. and E. A. Everett of Chicago, and by his death some interesting Rock County history is recalled.

Mr. Everett was born in Onondaga County, N. Y., December 14, 1818, and was therefore in his seventy-ninth year. In 1840 he was married to Miss Mary Ross and in 1845 they came to Wisconsin, settling on the homestead in the town of Turtle. Their first residence was a small building, and the furrows that made the farm fertile were turned with an ox team. At that time there were but four horse-owned between the Everett home and the city of Beloit. Mr. Everett's original purchase was composed of fifty-five acres, but gradually he increased his holding until he owned two hundred and four and one-half acres of as fine land as there is in Wisconsin. When Mr. Everett reached Wisconsin his cash capital was but fifty dollars. In his political sentiments he was a staunch democrat.

Funeral Of Thomas Sabin.

Funeral services over the remains of Thomas Sabin were held this afternoon from the residence, the Rev. W. H. Wotton officiating. The pall bearers were R. H. Griffith, A. E. Wilkenson, E. J. Owen, B. F. Crosssett, P. L. Schackleton and W. H. Bonesteel, the interment being at Oak Hill.

Rev. C. M. Morehouse.

Rev. C. M. Morehouse, who died at Evansville Wednesday, aged eighty-one years, was a veteran Congregational minister and was for many years pastor in that village. A wife and several children survive him.

Funeral of Lyman Inman.

All that was mortal of the late Lyman Inman was laid to rest this afternoon in the Hanover cemetery, funeral services being held this noon from the residence.

- It is needless to say that the programme will be rendered in a most interesting manner as the company is highly recommended. Admission, 10 and 25 cents.

ENGINEER JAMES WALSH LEAVES

He Will Hereafter Run Between Milwaukee and Racine.

Engineer James Walsh has resigned his position as engineer on the vestibule and taken a run between Milwaukee and Racine. He left this morning for Milwaukee, accompanied by his daughter Margaret, who will visit in that city for a few days.

Positive Proof.

Is what every man should have that what he buys is as good and cheap as he can get anywhere. Now this is where we come in. We want you to compare other goods and prices with ours. We will take chances on selling you Adler Bros. goods every time. They sell on sight. Frank H. Baack.

Polly Explains.

In pensive mood he sat and pondered; When suddenly he rose. "I wonder where can I buy good wood?" he clamored. "Why-er-kind, sir," I stammered. (Polly from her perch)— "Go to the JAMESVILLE COAL CO."

95-Cent Arctics.

We have a large stock of men's arctics and to reduce stock rapidly, we say 95 cents a pair. Don't believe it when some one tells you they are no good. Come and look at them. Brown Bros. & Lincoln.

Boys' Tennis.

We have them now. They have the rubber soles and sell at 50 cents a pair. Men's go at 60 cents. Brown Bros. & Lincoln.

Don't.

"Good-by, cold world," despondently he said; "You have denied me wealth, affection, fame." Then pressed a pistol to his throbbing head, Expecting to blow brains from out the same. But here was where he'd made a grave mistake. Do not, oh, mortal sad, oppressed of woe, Embrace this final, melancholy break Unless quite certain you have brains to blow. —San Francisco Examiner.

HIRED A TEACHER FOR THE NEW CLASS

MANUAL TRAINING INSTRUCTOR IS SECURED.

William A. Kirchoffer, a Civil Engineer, Located at Madison, Will Be in Charge—Twenty Pupils Are Entered—Exhibition of Work Done To Be Held Next June.

The manual training department of the High school will be under the direction of Civil and Mechanical Engineer William G. Kirchoffer of Madison, this move having been decided upon at a meeting of the school board committee, composed of James Shearer, T. W. Goldin and A. G. Anderson.

"The manual training department is one of the most important branches yet taken up," remarked Superintendent D. D. Mayne this morning, "the work will be carried on the same plan as in the large cities, but for the present only two departments will be operated. They will be wood working and the mechanical drawing. Twenty young men have already entered, they being mostly boys of the first and second year grades, and as they expect to make nearly all of their own apparatus the expense will be small."

Mr. Kirchoffer is a young man who comes highly recommended. He has taken a course at the State University and has just returned from a visit to a number of large manual training schools throughout the country. He drew plans for the present sewerage system of the Capital City, and is now inspector of macadam streets in that city. To show the progress of the manual training system here, an exhibit is being planned to be held in the new building some time next June.

THEY FOUGHT BECAUSE OF A GIRL

Officer Hogan Stopped a Fight That Was Inspired by Cupid.

The adage that the course of true love does not always run smoothly, is as true now as it ever was. This fact was demonstrated last evening, when two young men got into a fight for the hand of local "Quality Hill belle," who was attending the Burns anniversary. The fracas took place at midnight, at the corner of Milwaukee and Franklin streets. A third ward young man was taking the young lady to supper, when his opponent, who was concealed in a doorway opposite the Armory, demanded an explanation. One word led on to another and soon the two were "having it out." Officer Hogan then put in an appearance and ended hostilities.

CITY NOT YET FREE OF CONTAGION

Two Cases of Scarlet Fever Are Now Under Quarantine.

The city is not yet free from contagious diseases. The South Division street home of Mrs. E. H. Gifford is under quarantine on account of scarlet fever, while the Fourth Avenue home of A. J. Skinner is also quarantined on account of the same disease. A. R. Hansen who is ill at his Milton avenue home is much better, and the report that there was diphtheria in the family proved to be untrue.

PARK HOTEL MAY CHANGE HANDS

E. C. Johnson's Contract Has Expired, and Changes May Follow.

Negotiations are on foot which may result in a change in management at the Park Hotel. Landlord E. C. Johnson's proposition to buy was not accepted, and as his contract has expired, there is nothing certain about the prospect.

RICH HAULS MADE BY FIANO SHARKS

FARMERS ARE VICTIMIZED TO
THE TUNE OF \$6,000.

State Line Resident Is Out \$2,500 in Cash, and a Janesville Bank Now Seeks To Collect His Note for \$3,000, in Addition—Shopiere Man Also Loser.

Piano sharks are said to have cleaned up \$6,000 in this vicinity, and some of the farmers who were swindled are now trying to recover their money. Attorney S. W. Merzle of Beloit, has been retained by I. Peterson, who lives on the state line, who had a deal with a smooth gentleman last summer. Peterson, it is said, paid the men about \$2,500 in cash for an interest in their factory, and also gave them his note for \$3,000. The note has been sold in a Janesville bank, which is now seeking collection.

For all this outlay of money he has received one piano and a sea of trouble.

The same gang of sharpers have been operating in various parts of the state, where they played a similar game.

One farmer at Shepiere paid about \$500 to them for a piano that is retailed by honest dealers for \$200 and it is said that there are other sections yet to hear from.

CREAMERY PLANS ARE MATURING.

Farmers Had Another Meeting Last Night and Prospects Are Good.

Farmers interested in the new creamery, to be located in La Prairie, held a business meeting last evening. The sum of \$1,950 has been subscribed and the factory is about a settled fact. Rockford parties have been figuring on the machinery, and definite plans will be made at the next meeting which is called for Monday night, at 7:30 at the Proctor school house.

LEAPING WHALES.

Instances of These Leviathans Throwing Themselves Out of Water.

"Speaking of jumping," said an old seaman who had been watching some boys playing leap-frog on the sands, according to the Philadelphia Times, "let me tell you of the greatest jump ever seen. It was many years ago, when I was a little more than a lad, but I was bow oarsman on a whaleboat belonging to the ship Henry Staples. We had had luck for several weeks, when one day we sighted a big whale, and two boats set off in a race to see who would get there first. It was fairly smooth, what the sailors call a white-cap breeze, and our boats fairly flew over the water. Finally the whale rose not 100 yards away, heading directly for us. The harpooner stood with his iron all ready to throw, while we grasped our oars nervously, prepared to jump at the word 'stern all,' that nearly always came when a whale was harpooned. Not a word was spoken and suddenly a mountain of black appeared; it seemed to shut off the entire horizon. Up it went until I distinctly saw a seventy-foot whale over twenty feet in the air hovering over us.

"The mate was the first to regain his senses and gave the command: 'Stern all.' Just as we were ready to spring overboard the boat shot back several feet and the next second the gigantic animal dived into the ocean, just grazing us, having completely passed over the boat in the biggest leap I ever heard of."

Such gigantic jumps are rare. A similar one was recorded by Dr. Hall, who at the time was a midshipman on the ship Leander. They were lying in the harbor of Bermuda, when all hands were attracted by the appearance of a very large whale that suddenly appeared in the harbor and seemed very much alarmed by the shallow water, floundering about violently. The young midshipman joined a boat's crew that started in pursuit and just as they were about to strike the whale disappeared, sinking out of sight, leaving a deep whirlpool, around which the boat shot. Before it stopped up came the whale, having in all probability struck the bottom, and went into the air like a rocket. "So complete was this enormous leap," says Dr. Hall, "that for an instant we saw him fairly up in the air, in a horizontal position, at least twenty perpendicular feet above our heads. While in his progress upward there was in his spring some touch of the vivacity with which a trout or salmon shoots out of the water, but he fell back again in the sea like a huge log thrown on its broadside, and with such a thundering crash as made all hands stare with astonishment, and the boldest held his breath for a time. Had the whale taken his leap one minute sooner he would have fallen plump on the boat."

TOYS FOR THEIR MONEY.

Emperor William Educates His Inlanders with Models of Warships.

The German emperor has original ideas on many things. He thinks that those of his people who live far away from the coast are at a disadvantage, inasmuch as whatever knowledge they may have of military progress, they can not but have vague ideas on what is being done in modern naval war tactics. He has had an ingenious model constructed measuring 13 feet by 23 feet, the upper part of which represents the deck of a great man-of-war. König Wilhelm. Everything is complete—the rigging, a siren, a searchlight, a number of revolving guns, each capable of firing twenty-six shots in succession, flag-signal apparatus, lifeboats, etc. All these are operated by electricity. When a button is pressed the signal lanterns begin to blaze, rockets are sent up, the beam of the searchlight flashes around, and the guns go off. Orders have been given for the construction of sixteen similar battleships for the purpose of giving the inland population some practical ideas of the doings of the navy.

Stranger—"But that man is going right along attending to his business as if nothing occurred. Why don't you arrest him?"

Mountaineer—"Arrest him! Gee Willigan, stranger, that 'ud start another feud—and I just told yer we don't want no more feuds."—New York Weekly.

NOT THE PROPER QUESTION.

Mr. Bogg's Answer Was Somewhat Criminating Under the Circumstances.

From the Washington Star: Old Bogg is very deaf—so much so that he relies more on watching the speaker's lips in conversation than he does on his ears. He was on his way home one night not long ago while the wind was blowing very hard and a loosened sign came down and cut quite a gash in his forehead. The next morning he started to walk downtown, his thoughts running on the wind of the night before, and, presuming that most everyone else was thinking and talking of the same subject. On an opposite corner he saw a policeman with whom he had a passing acquaintance, and he went over to speak to him.

"His first salutation," thought Bogg, "will naturally be, 'Good morning,' then he will say: 'How is Mrs. Bogg?' then probably speak of the wind storm."

"Good morning, Mr. Bogg," said the officer.

"Good morning," responded Bogg. "How did the wind strike you?" asked the officer.

"Very well—quite well, thank you," said Mr. Bogg.

"Wife well?" was the next query of the peace guardian.

"I should remark!" exclaimed Bogg. "Just look at that!" and he removed his hat and exhibited his forehead, crossed with strips of sticking plaster.

"Well, she must be a la-la," thought the policeman, as he started down the sidewalk swinging his club.

THE TITLE OF MISTER.

Seeking an Explanation of Its Origin—An Antiquarian's Views.

Did you ever try to seek an explanation for the title of "mister?" asks the St. Louis Republic.

At a time when Europe, and particularly England, was overrun with the nobility and titled clerics the common people were known only by their Christian or baptismal names. As time passed and certain tradesmen became skillful mechanics they were looked up to as persons above the average in intelligence. Being noble, and yet not belonging to the nobility, they began casting about for a title that would be a distinguishing mark. In those days a trade was kept as a secret and the workers were referred to as persons who had learned a mystery. Such persons were soon looked upon as being of higher rank than mere day laborers and husbandmen and were called "mysters," or "master mysters," because they were proficient in the particular mystery they had learned. Those who have had the rare opportunity of reading books published in the fifteenth and sixteenth centuries will recall the oft-repeated question, "What mister wight is that?" meaning "What is that man's trade or employment?"

Smart, the antiquarian, takes a different view of the origin of the term. He says that it was adopted simply for the sake of the analogy it bears to mistress, but does not give us the origin of the latter word. That the reverse of Smart's view is true there is but little doubt.

Walker, another authority on the origin of obscure words and phrases, says that "the same process or change which has corrupted 'master' into 'mister' has also contracted 'mistress' into 'missus.'"

TAKING CHANCES.

WOMEN ARE CARELESS.

They Over-Estimate Their Physical Strength. Advice to Young Women.

[SPECIAL TO OUR LADY READERS]

Women are very apt to over-estimate their strength and overtax it.

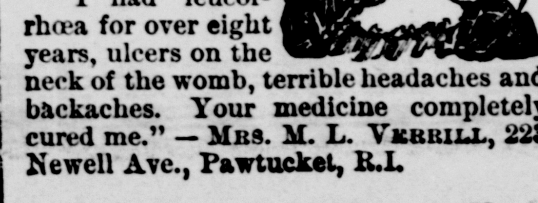

When they are feeling particularly well, they sometimes take chances which in the long run cause them much pain and trouble. This is due largely to their not fully realizing how delicate their sensitive organism is.

The girl who has just become a woman can hardly be expected to act wisely, everything is so new to her. She, however, should be told; and every woman should realize that to be well her "monthly periods" should be regular. Wet feet, or a cold from exposure, may suppress or render irregular and fearfully painful the menses, and perhaps sow the seed for future ill health.

Compound will ever be the unfailing remedy in such cases as well as all the peculiar ailments of women. Millions of women live to prove this. Mrs. M. L. Verrill tells plainly what it has done for her:—

"I will write you a few lines to tell you what my troubles were before taking Lydia E. Pinkham's Vegetable Compound. It was the same old story,—my back and lower part of my abdomen and painful menstruation. Of course it was female weakness. The doctors (I have tried five different ones) called it chronic inflammation of the womb."

"I had leucorrhoea for over eight years, ulcers on the neck of the womb, terrible headaches and backaches. Your medicine completely cured me."—MRS. M. L. VERRILL, 223 Newell Ave., Pawtucket, R.I.

We have them in black, white, pink, blue and cardinal. They are hand-knit of the finest zephyr yarn in beautiful shell patterns. The yarn alone would cost you more than we ask for the finished article. They are one of the best bargains we have ever offered and must be seen to be appreciated. It is an article that every lady should have---a nice and fashionable Shawl for the head and shoulders---and at these prices, 29c and 37 1-2c, every lady can have one. Come for them Friday and Saturday.

EXTENSIVE newspaper advertising is not necessary at this time, as goods at present prices bring enough customers to keep all of our salesmen busy. No better advertising medium than a pleased customer. Ours are all pleased.

THE GRANDEST SUCCESS IN THE HISTORY OF JANESVILLE

THE GRAND OPENING!

—OF—

The . Continental . Clothing . House!

The Great Sale Continues for Another Week. This decision which will be very welcome news to the entire population of Rock County, was reached for the benefit of the crowd of people who were eager but unable to get waited on during our Opening Day. This will give every man, boy or child another chance to buy the most desirable merchandise, and dress to the Queen's taste for one-third the money which you have been used to paying for the same identical class of goods. Remember, we have no old or shelf-worn goods to select from. Every article in the house brand new and this season's make. Never in the annals of the Clothing trade has any house in the entire State of Wisconsin offered such inducements to purchasers as we are now doing to Janesville and vicinity.
